We Invite You To Our Sale Of Sales

THE 1948 IOWA ROYAL

It is with much pleasure and a feeling of satisfaction that we invite everyone interested in good livestock to attend the Iowa Royal Shorthorn Show and Sale of 1948. Both events will take place at the Iowa State Fair Grounds, Des Moines, Iowa, the show on Monday, March 1st and the sale on Tuesday, March 2nd.

The offering comprises outstanding bulls and females of highly recognized blood lines.

We have assembled a very uniform offering of quality cattle, both bulls and females. These cattle are suitable for breeders, ranchers and farmers who wish to add quality to their herds. The cattle have been raised under the ordinary farm conditions and with reasonable care and attention can go anywhere and show improvement.

IOWA leads all other states in Shorthorn production. It is from this source of supply that only outstanding cattle are accepted for the Iowa Royal. Buyers are aware of this reputation. The cattle offered have been consigned by responsible breeders within the "Tall Corn State." The herds have been in operation for many years. Their cattle are healthy. They are prolific. They comprise outstanding bulls and females of the Shorthorn breed.

We will welcome as our guests, breeders of Shorthorn cattle, members of the 4-H clubs, farmers, ranchers, bankers, business and professional men and their ladies. You will enjoy the show. You will find individuals you need whether it be for herd improvement or for foundation purposes.

BROADHOOKS 9th 2378692 is by Double Goldfinder, the sire of our great Junior yearling show heifer, Mary Anne 3d. She has thickness and substance that a good breeding cow must have and she will look good in any herd. She could raise a herd bull for someone as she was bred June 2d to Killearn Monarch 29th. The calves by Killearn Monarch 29th that we have are truly sensational. They will be heard from at the shows next year.

This heifer is from the same herd and same breeding as Clausen's last year's International Grand Champion Female. This heifer was Bangs vaccinated in Canada and will be sold open. She is in just the right condition to go on and make a real breeding cow.
